

Derby City Council – Environmental Information Response

Number 15053

Date 24/02/2021

I have read through the data and seen the recent announcement from the council that the course will be converted to parkland.

1. I would like to request the forecast cost of maintaining the area and parkland.

£32,000

2. The value of the subsidies requested by the two bidders that were rejected on this point.

The two values are:-

- a) £100,000
- b) No specified figure

**Please note, the following applies, if the response includes council officers (or other officers) names.**

If you are a company that intends to use the names and contact details of council officers (or other officers) provided for direct marketing, you need to be registered with the Information Commissioner to process personal data for this purpose. You must also check that the individual (whom you wish to contact for direct marketing purposes) is not registered with one of the Preference Services to prevent Direct Marketing. If they are you must adhere to this preference. You must also ensure you comply with the Privacy Electronic and Communications Regulations (PECR). For more information follow this Link [www.ico.org.uk](http://www.ico.org.uk)

For the avoidance of doubt the provision of council (and other) officer names and contact details under FOI does not give consent to receive direct marketing via any media and expressly does not constitute a 'soft opt-in' under PECR.
